Schedule Rank – Rank of schedule strength compared to other Division I-A teams of actual games played divided by 25. This component is calculated by determining the cumulative won/loss records of the team's opponent (66 2/3 percent) and the cumulative won/loss records of the team's opponents' opponents (33 1/3 percent).

Losses – One Point for each loss during the season.

Notes: The standings each week will list the top 15 teams or more until each conference with an automatic BCS selection is represented.
